	Cost of basic resources for survival assessed based upon above by government and announced	Yes=100 ; No=(-)150

poverty index	Cost of basic resources for survival assessed separately by social organizations and announced	Yes=100 ; No=(-)150
	Cost of basic resources for survival assessed separately by media organizations and announced	Yes=100 ; No=(-)150
		Ratio1=0 ; <1to0.8=(-) 200 ; <0.8=(-) 250 per 0.1 ;
	Ratio of Total cost of living for survival higher of above three : average earning of average citizen, higher of three assessment government, social organization, media	>1=10 per +0.1
	Level of education of citizen -has government notified the statistics and methodology to assess average education level of citizen	Yes=100 ; No=(-)150
		80%=100; (-) 25 each % less
	% of adult citizen with graduation or above	PP=150; P=100 ; N- NN=(-)200
	Government Education services worth index	
	Does government defiened its RAA for consistent upgradations in citizen's knowledge for engineering, medical, economics, social and political science	Yes=100 ; No=(-)150
	Any government policy for pre-defined upliftment of citizen in DAVM terms for; Education, Science, technology, social refinements	For each field Yes=50 ; No=(-) 150
Ignorant	Does government policy to update citizen about the latest in above fields	Yes=100 ; No=(-)150
	government established any DOUEE, public forum and public media to realize above updation	Yes=100 ; No=(-)150
	government updates citizen regarding world level /recognized innovation made by country in the fields of science, technology, economy, infrastructure	Yes=100 ; No=(-)150
	government updates citizen regarding world level /recognized innovation made by other countries of the world in the fields of science, technology, economy, infrastructure	Yes=100 ; No=(-)200
	Does MOG and OIG open out to citizen under laws regarding their living place, wealth increase, family wealth details regularly not exceeding an interval of 6 months	Yes=100 ; No=(-)200
	Is there a time frame notified on public domain regarding justice delivery	Yes=100 ; No=(-)200
		PP=150, P=100; N=(-) 100, NN=(-) 200
	what is upward communication index	
	Government has formed public forums at a level to cover a set of 10000 people maximum	Yes=100 ; No=(-)200
	media has formed public forums to cover 10000 people maximum	Yes=100 ; No=(-)200
	Regional newspaper circulation is >5000(minimum production) per 7000 people.	Yes=100 ; No=(-)200

Troubled	Direct two way communication with government exists on public domain	Yes=100 ; No=(-)200 PP=150, P=100; N=(-) 100, NN=(-) 200
	Direct two way communication with government index	200
	Can a complaint against government be lodged by most pitiful and distant citizen from a distance with registration confirmation, all 24 hrs	Yes=100 ; No=(-)200 Yes=100 ;
	Is homogeneity index of society for any 100 sq km is high	No=(-)150
	Has government notified minimum scale of public services/amenities for drainage, sewage, drinking water, normal water supply, housing, living conditions, education, health services	Yes=100 each item ; No=(-)150 each item 15 days=100 each item ; (-)
	Number of days in getting connections of water, electricity, sewage, drainage, gas supply after applying for	10 per additional day for any item
	availability of treated filtered, medically fit drinking water supply at house from government- % of population in any 1km x 1km area- details on public domain	100%= 150 ; <100%=(-)10 per %
	availability of electrical supply in house from government- % of population in any 1km x 1km area- based upon non-government reporting on public domain	100%= 150 ; <100%=(-)10 per %
	spread of disease in the area- days in a year- based upon government reporting on public domain	<20days=100; >20days=(-)10
	average sickness of people in a year in days- based upon government reporting on public domain	each day more twice=(-)150 ;
	repeated spread of same disease in a year with more than 100 cases at a time, in any 1kmx1km area- based upon government/media reporting on public domain	> 2times= (-)100 each time
	repeated spread of same disease in last five years- based upon government /media reporting on public domain	>2times=(-)20 each time
	Law and order condition number of major crimes cases in a region <10km x 10km area in last 12 months- based upon media/government ; (multiply by 2 if CRAG not installed/available)	(-)150 each case <2= 0 ; >2to10=(-)10
	number of cases of looting, chain snatching, beating,- based upon media/government reporting (multiply by 4 if CRAG not installed/available)	each case >10=(-)20 each case

All Government department's Rules for citizen services/welfare are on public domain or not	Yes=100; No=(-)150
All Government department's Rules for self (DOUEE/IGPI) responsibility and accountability are on public domain or not	Yes=100; No=(-)150
All Government department's Rules for citizen complaints are on public domain or not	Yes=100; No=(-)150
Execution of rules- Instantaneous reference /back reference possible or not	Yes=100; No=(-)150
Communication index with police- CRAG provided-can register complaint without going to police station	Yes=100; No=(-)150
preliminary investigation for crimes done in 48 hours and notified to nodal officer	Yes=100; No=(-)150 <4days=200 ; >4days=(-) )50per day
Time taken in arresting the culprit	
Investigation report on public domain or Non-department custody where no tempering possible after submission	Yes=100; No=(-)150
	PP=200, P=100 Others=(-)200
Health services index	
occurrence of any natural calamity of flood, famine, landslide; in last 12 months in a region of 10 x 10km	Yes=(-)150 each incident (-)100 per
occurrence of natural calamity of famine; in last 60 months in a region of 10 x 10km	1000 man.days (-)150*
number of occurrence of natural calamity of famine; in last 60 months in a region of 10 x 10km	number of times it occurred (-)100 per
occurrence of natural calamity of flood and/or land slide; in last 60 months in a region of 10 x 10km	1000 man.days (-)150*
number of occurrence of natural calamity of flood and/or land slide; in last 60 months in a region of 10 x 10km	number of times it occurred
	Yes=100
Does government places detailed procedure and methodology on public domain for assessing 'citizen related indices'	each indices No=(-)150

Ignored

Yes=100

Does government places results of 'citizen related each indices; indices' alongwith procedures and presumptions on public No=(-)150 domain and notify publicly every four months each indices

Yes=100

Does government notify the plans in DAVM regarding each indices; improvements of citizen living conditions with envisged No=(-)150 goals every six months for forthcoming six months each indices

Yes=100

Does government notify the improvements achieved each indices; /goals accomplished for 'citizen living conditions against No=(-)150 DAVM pre notified goals- every four months each indices
