

## Government behaviour analysis GOE and GOS

GOE-Governance Executors; GOS- the Governance server, link between the government and the common people for exercising and implementing Government's governance/actions; GOM- Governance Monitor

Note: This is a modelling, done based upon analysis of existing facts and evolving reasoning, as to how the 'Government' and 'Constituents of Governance' are likely to behave and function 'influenced by normal human attributes' under different 'probable conditions' and does not imply projection or criticism of 'any particular government system in the world'. Any explanation in this 'coinciding with any working Government system' shall be an unintentional coincidence only.
