Are there laws that the GPP must notify the DAVM objectives/goals which are aimed to be achieved by spending nation's resources	Yes=100; No=(-)250
Are there laws that the GPP must notify the DAVM objectives which are aimed to be achieved by spending nation's resources for citizen services operations, maintenance and working	Yes=100; No=(-)250
Norms for using nation ' s resources applicable to government specified and made public.	Yes=100 ; No=(-)100
Details about utilization of nation's resources if applicable with any government scheme/ decision/ proposal are published on government public domain	Yes=150 ; No=(-)200
Rate of consumption of nation's resources planned & earmarked & six monthly position published.	Yes=100 ; No=(-)100
Government responsibility for regulating cost/price of resources to public elaborated and six monthly statements furnished.	Yes=100 ; No=(-)100
Is real cost of resources being paid by the people is government accredited /validated.	Yes=100 ; No=(-)250
Is the cost of price of resources to people and return to the government from resources published and certified	Yes=100 ; No=(-)100

Transparency	Is there a public domain where government notify and places details of any intention of spending of nation's resources with DAVM objectives (on timeline) aimed to be achieved	Yes=100; No=(-)400
	Does Government/ GPP notify on public domain or other public notification/madiak reachable to at least 80% population about details of DAVM objectives achieved from spending of nation's resources every four months	Yes=100; No=(-)250
	Does Government/ GPP notify on public domain about details of DAVM objectives achieved for each GOSIP from spending of nation's resources every four months	Yes=100; No=(-)250
	Does government present non-DAVM details in public notification or on public domain regarding GOSIP, any case as such expression, extending promises without DAVM goals on timeline, extending assurances without DAVM goals on timeline,	Yes=(-)400
	Commitments for good happenings without DAVM goals on	Yes=(-)400
	Norms for using nation's resources applicable to PL specified and made public.	Yes=100; No=(-)150

Does ICE notify to the people to advise any anomaly observed in the execution and performance of a GOSIP with evidence even without disclosing identity.	Yes=100; No=(-)200 each GPP
Does ICE notify the public domain and the procedure of such reporting by the citizen/people regarding irregularity in GOSIP execution	Yes=100; No=(-)200 each GPP Yes=100;
Can such communication be transmitted to ICE from any remote place and registered within a time period of 20 minutes.	No=(-)400 each GPP
Norms for using nation 's resources applicable to government covers:- identified items ; sale value ; market demand ; investment of earning for citizen	Yes=100 ; No=(-)150
Does Government notify and publish :Rate of consumption/utilization/ recycle of nation's resources planned and earmarked six monthly positions published and notified by each DH	Yes=100 ; No=(-)150
Does Government accept and notify its responsibility for regulating cost/price of resources to public aiming at availability of resources at reasonable price	Yes=100 ; No=(-)200
Does Government accept and notify its responsibility for regulating cost/price of resources to public and six monthly statements furnished specifying the cost for coming six months	Yes=100 ; No=(-)150
Is the cost / price of resources to people and return to the government from resources published	Yes=100 ; No=(-)150 yes=100 for
Any assessment of nations resources location/unit-region wise each ; publicly available with money value of these- Ore, coal, cultivable land, urban land, food stock, petroleum, gas etc	No=(-)150 for each
Availability vs. consumption of resources location/unit-region wise -regular updation done or not every four months	No=(-)150 ; Yes=100
Use of resources- Quarterly updation for each uit-region, head wise-For: citizen, government, sold, lost, export; published/notified	Yes=100 ; No=(-)150
Urban land cost analysis /value furnished on public domain for different regions/ area/town etc covering each sq mt area	Yes=100 ; No=(-)250
Non-Urban land cost analysis /value furnished on public domain for different regions/ area/district etc covering each sq mt area	Yes=100 ; No=(-)250
Ownership of the privately owned land is notified and published for urban areas covering each sq mt of land	Yes=100 ; No=(-)250
Ownership of the privately owned land is notified and published for non- urban areas covering each sq mt of land	Yes=100 ; No=(-)250
All information pertaining to land; location, area, cost, ownership available at one public domain accessible by anyone	Yes=100 ; No=(-)150
Accountability Has the government announced and committed that the Nation's resources shall be spent only for the welfare of citizen and security of nation	Yes=100; No=(-)150

Has all DH, DOUEE, relevant GPP furnished commitment and notified undertaking that nation's resources shall be spent only for the welfare of citizen and security of the nation	Yes=100; No=(-)150 each GPP
Is GPP notified as owner of the GOSIP by name and by position with each GOSIP	Yes=100; No=(-)150 each GOSIP
Is owner of a GOSIP in a unit region/district is DH	Yes=100; No=(-)250 each GOSIP
Is owner of a GOSIP at Nation's Government level is MOG and MGG from top three levels of MGG	Yes=100; No=(-)250 each GOSIP
Does each GOSIP contains undertaking of the 'owner' for exercising careful and sincere vigil to ensure that nation's resources shall be and are being (during GOSIP in progress) spent for welfare of the citizen	Yes=100; No=(-)250 each GOSIP
Does Government accept and notify its responsibility for regulating cost/price of resources of everyday consumption like food items, eatables, energy sources etc to public and six monthly statements furnished specifying the cost for coming six months	Yes=100; No=(-)250
Does government notify to people/ public domain detailed breakup of cost of resources to people with material cost, processing cost, taxes for everyday consumables, food items, energy sources	Yes=100; No=(-)250
Has Government devised and notified methodology, formule, equation, derivation and procedure to work out and verify the cost of resources being taken from the people	Yes=100; No=(-)250
Does Government notify and confirm everyday, for all public domains and procedures, of public feedback/complaints working in perfect and full,	Yes=100; No=(-)150ach day missing
Does government owns responsibility for sale/purchase of land at the rates/price decided and notified by government	Yes=100; No=(-)250
Urban property cost analysis furnished by government making available the check/analysis to justify cost of urban land & property	Yes=100; No=(-)250
If All information pertaining to nation's resources at one place or not- (If not at one place-its useless information.)	Yes=100 ; No=(-)150
Use of resources- Quarterly position furnished by government head wise- Used for citizen, used for government/GPP, sold, lost, exported, available	yes=100 ; No=(-)200
Urban land cost analysis prepared detailed with base cost, factors effecting the cost, methodology of calculating base cost, methodology of calculating final chargeable cost and unit cost for different areas furnished on public domain	Yes=200 ; No=(-)400
Urban property (land, housing/ apartment/shop/ offices, commercial outlets) cost analysis furnished by government with cost/rate analysis to justify cost of urban land & property available to public	Yes=200 ; No=(-)400

	one=200; (-)50
Ratio of the actual cost being paid by the people and the cost for each 0.1 decided and notified with cost/rate analysis by government	higher
Does the government acquiring good crop/food grain producing land for any other use	Yes=(-)200
Do the government acquiring good crop/food grain producing land for any other use and further handing over to non-government entity/company/person for making earnings from the use of land each case Government justification for the above use by non-government entity, made public on public domain elaborating benefits to government and citizen in DAVM form for usage of nation's resources by the non-government group	Yes=(-)400 No=(-)400
Does government institute the laws/or laws exists, that the land in good agriculture use can not be acquired for any other use including development projects accept roads passing through	Yes=100; No=(-)200
Does government institute the laws / or laws existing, that development projects/infrastructure/housing etc not permitted by acquiring good agriculture land and forests and such projects are permitted only in area with non-cultivable land, rocky terrain etc	Yes=100; No=(-)200 Yes=100 each department (only if all
Have government officials been announced on public domain for departments each department, by name and government position, with covered), Not minimum of seven years of continuous service left, minimum one all amongst three top level positions, who are responsible for fair and departments justified utilization of nation's resources in the interest of nation covered= and citizen as per the laws and rules	(-)500
Are distinct and unambiguous rules exist for using nation's resources with no provision of any discretion to be applied by any GPP (for a decision framed for GPP) for ensuring selfless approach	Yes=100 ; No=(-)150
Are above rules made public/placed on public domain	Yes=100 ; No=(-)250
Are the criteria made and notified on public domain for assessing selfless working of GPP in each DOUEE dealing with use of nation's resources	Yes=100 ; No=(-)150
Is periodical review by GSRR/ICONE every alternate month made to ensure the proper application of rules resulting selfless working by test checking 50% cases by random selection by computer and results placed on public domain	Yes=200 ; No=(-)400
Are Number of rules applicable to the GPP for justified and selfless approach being the custodians of resources- Minimum 50% of total rules	Yes=100 ; No=(-)150
Number of citizens charged and punished under the rules	
Number of GPP severely punished under these rules are at least 20% of the number of citizen punished	Yes=100 ; No=(-)200

	Any incident of PL mentioning that government GOSIP are launched on his/her command to the government	Yes=(-)150 each case
	Any incident that PL appeared with GPP for launch of a government GOSIP	Yes=(-)150 each case
	Has the government confirmed on public domain and published details about ownership of each and every inch of land	Yes=400 ; No=(-)750
	Has the government confirmed on public domain that all the people in ownership of land are legally entitled and identified	Yes=200 ; No=(-)450
Custodian sincerity	Has the Government announced/notified Government treasure and money and funds, Government assets, Assets/articles obtained by spending Government treasure/resources, government reserves of precious articles, as the Nation's resource	Yes=200; No=(-)250
	Has the Government announced/notified Government assets/property/infrastructure as the Nation's resource and furnishes available status every four months	Yes=200; No=(-)250
	Has the Government announced/notified Reserves of Ores, sources of energy, coal, Petroleum and petroleum products, water, forests, river and derivatives, land, foodgrains and eatables, foodstock, space, air, ....as Nation's resources	Yes=100; No=(-)150 each item missing
	Does government notify availability of Reserves of Ores, coal, Petroleum and petroleum products, water, forests, river and derivatives, land, foodstock, space, air, as Nation's resources every four months on public domain	Yes=100; No=(-)150 each item missing
	Does government notify availability of Reserves of Ores, coal, Petroleum and petroleum products, water, forests, river and derivatives, land, foodstock, space, air, as Nation's resources every four months on public domain which are not under Reserves of Ores, coal, Petroleum and petroleum products, water, forests, river and derivatives, land, foodstock, space, air, as Nation's resources every four months on public domain which are not under Governments control or leased out by government	Yes=100; No=(-)150 each item missing
Custodianship of Nation's resources	Norms for using nation ' s resources applicable to nation's government; specified and made public.	Yes=100; No=(-)150
	Norms for using nation ' s resources applicable to regional/state government specified and made public.	Yes=100; No=(-)150
	Norms for using nation ' s resources applicable to a unit-region specified and made public.	Yes=100; No=(-)150
	Norms for using nation ' s resources applicable to government covers:- identified items ; sale value ; market demand ; quantities ,quantity spent, earning to government, investment of earning for citizen	All six=100 ; (-)100 each not covered
	Rate of consumption planned & earmarked six monthly positions published/notified	Yes=100; No=(-)150
	Government responsibility for regulating cost/price of resources to public elaborated and six monthly statements furnished regarding effective control of cost of resources to the citizen	Yes=100; No=(-)150

Does Government /GPP presents with DAVM analysis of the cost breakup justifying the reasonableness of cost of food items, eatable consumables, petroleum products, gas, energy sources, products for agriculture,

Is real cost of resources being paid by the people is government accepted/validated for urban land, non-urban land, housing units, multi-storey apartments, commercial land and commercial spaces, item; shops, offices, manufacturing units, retail outlets, selling outlets for all commodities

Is the cost of resources to the people and return to the government from resources sold are published

Ratio of market cost of urban property and Average monthly Earning of a person in nearest Green zone for a 100sqmt equivalent months

Land in Urban use

Government control index on land for urban use direct or regulatory

Does government issue notification alongwith their statements that position is true with liabilities

Is the total worth of land published by government on public domain

Does use of land is entitled to government as a closed decision box without notifying norms consolidated, comprehensive at one time

Has government published the procedures for making use of nation's worth in land as only outsider custodian

Has government published the procedures for making use of nation's worth in land as owner

Does government issue public statement alongwith their decisions in DAVM form that it accrues benefits to nation

Does government presents the DAVM figures quantifying the benefits to the nation from deals of nation's resources of land

Government's DAVM projections are notified of benefits to the citizen

Urban land cost analysis furnished by government on public domain mentioning the details of cost derivation

Urban property cost analysis furnished by government/Any check/analysis to justify cost of urban land & property available to public
